Detailed Action

Response to Amendment

Claims 1-2, 4-5, 7, 9, 11-16, and 18-21 are pending. This action is in response to the amendment received April 19, 2006.

Response to Arguments

The rejection of claims 1-2, 4-5, 7, 9, 11-16, and 18-21 under 35 U.S.C. 102(e) as being unpatentable over Brett et al. (US 6,907,405) is maintained.

Applicant's arguments filed April 19, 2006 have been fully considered but they are not persuasive.

In response to the arguments concerning the previously rejected claims the following comments are made:

Applicant alleges that the prior art made of record fails to teach selecting means selects the merchandise information except for a successful bidder. The examiner disagrees with applicant's representative since Brett teaches selecting means selects the merchandise information except for a successful bidder when he discloses the capability of auctioning the rights to sit in particular seats in a movie theater if each right is sold as the right to enter the theater at a certain time and freely select from all available seats (col. 16, line 30 to col. 17, line 67; figs. 12-13). In other words, Brett discloses selecting means selects the merchandise information instead of a successful bidder by allowing the computer system to select the designated seats or products or services. During the process of assigning priority rights, if a desired priority right was

already assigned the central computer then selected the closest available priority right to the desired priority right. The central computer can quickly select and store desired pieces of data within the database.

With regards to the claims rejected as taught by Brett, the examiner would like to point out that the reference teaches the claimed limitations and thus provides adequate support for the claimed limitations. Therefore, the examiner maintains that Brett taught the claimed limitations.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
